Church Workshop Retreat and Brunch

On Saturday March 3 we will have a Church-wide workshop retreat and carry-in brunch here at the church, 9am to 1pm. The purpose will be to establish the direction for some of the efforts that were identified in our recent special business meeting on strategic planning. Several efforts clearly stand out based upon your feedback, and some of you have shown an interest in leading these efforts. We will have breakout sessions to put plans around these efforts, and we will enjoy a time of fellowship over a carry-in brunch.
